**DETAILED ACTION**

**Note:** It appears from the remarks on page 5 of the response that applicant intended to cancel claims 1-27 such that only claims 31-49 remain pending in the application. Accordingly, claims 1-27 have been canceled even though an explicit statement to this effect was not included in the response. —

***Claim Rejections - 35 USC § 102***

1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 31, 32, 34-40, 43, 45 and 47-49 are rejected under 35 U.S.C. 102(e) as being anticipated by Yamada et al made of record.

Yamada discloses the limitations of these claims as discussed previously. Note that the edges of the moving combteeth(5) may be considered as combteeth spines coupled to the sides of the mirror (represented at the dotted line of fig. 11A).

Regarding claims 47-49, the combteeth spines of Yamada may be said to define a plane, as broadly claimed, perpendicular to and intersecting with the surface of the mirror (as may be

Art Unit: 2872

defined by the dotted line in fig. 11A), with the combteeth and anchors positioned on first and second sides of the plane.

***Claim Rejections - 35 USC § 103***

3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

4. Claims 33,41,42,44 and 46 are rejected under 35 U.S.C. 103(a) as being unpatentable over Yamada et al made of record.

The limitations of these claims would have been obvious over Yamada for the reasons given in the previous office action.

***Response to Arguments***

5. Applicant's arguments filed 5/29/02 have been fully considered but they are not persuasive.

Applicant has submitted new claims and argued that Yamada does not show the claimed combteeth spines. However, Yamada includes structure which may reasonably be said to meet these limitations as discussed above.

**Conclusion**

6. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
